

JOCK'S WAGGIN' TONGUE

Vol. 3 Thurs. Feb. 9, 1939. No. 2
Jock McIntyre, Editor

If the people of this country had their say, there would be no doubt about one policy. It is that less attention should be paid to European affairs and more to Canada. The father one gets from Ottawa the plainer that feeling becomes. The reasons are perfectly clear and understandable. The Canadian people are still of the same mind as they were in the beginning toward Europe and its affairs. They want no part in its devil's broth of hate and power politics and war.

Speaking of cold weather, we heard this of our day—Fred—"Do you owe any back bone rent?"

UNITED CHURCH HOLD MEET

Adaptation of reports and the election of officers featured the annual meeting of Champion United Church held Sunday following the evening service. Rev. Peter Dawson presided and submitted of the session which indicated that the congregation had had a busy year. Attendance was maintaining itself, the loyalty shown by individual members was noteworthy, the report stated. Sunday school report was given by A. Baker told of excellent results being obtained. The average attendance was 53.

Ladies Aid report was equally encouraging while the treasurer's statement showed a satisfactory balance on current account, this being possible by the arrangement with pastor.

Before proceeding with election of officers a vote of appreciation was tendered Rev. Peter Dawson for his service of sacrifice to the church and for his pulpit work.

Latter votes of thanks were passed to pianist, treasurer and the Ladies Aid.

Officers elected were: Board of managers: Geo. Rhodes, Mrs. D. Chamberlain, G. S. McRoberts, A. Baker, Robert Maxwell and Mrs. E. Knudsen.

An effort will be made to aid the choir and the young peoples work of the church. Representation will appear at Presbytery meeting when the question of changing boundaries of congregations of Carmangay and Champion may be discussed. It is possible an effort will be made to compare the two churches in which case the settlement committee might transfer one or both. Both congregations are loyal. So congregation are both so it is difficult to predict the outcome.

Card of Thanks

We wish to thank Dr. Freese, nurse Condon and Mrs. Linda Krausman for their untiring services to Mrs. J. N. Beaubier during her recent illness and death, and also wish to acknowledge with thanks the beautiful floral tributes.

Mrs. and Mrs. John Long, The Beaubier family.

Program of Progress Told in Throne Speech

Education and Roads Receive Attention

(Special to The Chronicle)

Hon. Peter Dawson, member for Little Bow and resident of Champion held the spotlight with His Honor, Lieutenant Governor Bowen this afternoon, Thursday when the eighth session of the Eighth Legislature of the province was opened, being preceded by their ceremonial and dignified duties in a most capable manner.

We are privileged to be able to give our readers a summary of The Speech from the Throne which reflects the government policy for the ensuing session. As predicted it does not contain unusual, except encouraging reports of the unemployment situation, advances in the educational program and the general improvement in economic conditions.

Concluded in the usual opening phrases the address mentioned the proposed visit of their majesties, King George and Queen Elizabeth, an event unprecedented in provincial annals, and it stated every provision will be made to give our people the privilege of showing their loyalty and allegiance.

"It is a matter of satisfaction that the past year has been marked by some improvement in general conditions throughout the province—decrease in number of unemployed, labor legislation passed by the government has also produced a marked result. Through the action of the Board of Industrial Relations thousands of dollars have been returned to employees, thereby increasing their purchasing power."

Advance made in education—larger school units covering 80 per cent of the province now number forty-four and proving satisfactory. It is anticipated that within a few years financial arrangements, adequate housing and a comprehensive plan of high school education with a reason, approved program will have been provided in all parts of the province. In the high school curriculum all subjects appear in a common program. My government has under consideration the teaching possibilities of the radio and sound film."

Prophets of youth training under dominion-provincial scheme has been set up and has done much to build the minds of our boys and girls and fit them for vocational occupation. The 1938-39 agreement involves an expenditure of \$120,000.00.

In the field of medical service it is a pleasure to report progress. We have the distinction of being the only

province that provides a district nursing service to the people cut off from medical services. Fourteen nurses were employed during the year—Travelling clinics have been operated.

"My government will inaugurate further progressive policies for the improvement of the livestock industry, for raising, poultry and bee industries, to the problem of production, processing, transportation of farm products."

During the past year my government has instituted a new policy of rural road building, and this will be included in their report.

Treasury branch service, in response to demand, will be further extended until a network is established in all key points of the province. Committee appointed to recommend changes in the electoral divisions will make their report. Question of municipal taxation has received careful attention."

To Decide Future of Institute

The Champion Women's Institute will meet at the home of Mrs. U. S. Alexander on Tuesday, February 14th, at 8 p.m. It is imperative that all those interested in the continuance of the Institute in Champion should be present at this meeting. The Institute cannot go on unless a number can be found for the current year.

A feature of this meeting will be a question box, conducted by Mrs. Ulrich. Come prepared with questions and suggestions regarding Institute or community work. Mrs. Ulrich will give a paper on "Abraham Lincoln." Roll Call—"How to be Neighbory." Refreshments will be served by Mrs. Knudsen and Mrs. Marshall.

HELD OVER

Owing to lack of space we have been forced to hold many items until next issue.

K. R. McLean, Optometrist and Optician, 209 and 210 South Main Bldg., Calgary will be in Carmangay at the Drug Store Tuesday morning, Feb. 14th, and in Champion at the Drug Store Tuesday afternoon.

Despised Resident

Tailed by Death

The death of Mrs. Ada E. Tyler on Friday, February 9th, again focused the ranks of the haters and some brought back to a community where she was deeply loved.

Mrs. Tyler had been ill since the death of her husband, about 1927, last March. For several years, prior to her death she cared for him devotedly, and the strain proved too great, and a few weeks before her death, she was forced to remain in bed constantly. On Friday, at the Carmangay hospital, she quietly slipped away to the eternal rest.

As a wife and neighbor, Mrs. Tyler was the embodiment of all the devotion and self-sacrifice implied by other terms and her experience that would have been considered hardships by some, only served to develop and broaden her character. Of her life and work it may be truly said—"She hath done what she could."

Funeral services were held in the Community hall on Sunday afternoon. A large crowd of sorrowing friends from near and far gathered to pay their last respects. The service was conducted by Rev. T. B. Winter of Vulcan. Pallbearers were: A. Kromer, W. M. Drumet, J. Brown, H. Maitchek, H. Gilt and A. McCullough. Interment was made in the local cemetery.

LIVES OF SERVICE

Champion mourns the death of three prominent women, Mrs. Alder, Mrs. Beaubien and Mrs. Tyler, all of whom took an active part in public affairs. It is not our purpose to make reference to losses sustained by death in this editorial column but in these cases it would appear that an exception to the rule might be made so that we might have the opportunity to stress the value of service.

Without reference to the Christian belief of the future life we do wish to point out that those who do live a life of service for others provide for themselves a means of immortality. We do not need to be great statesmen, or scientists to have our names held in reverence after our passing from this earthly life.

All we need to do is to see that each day our acts will be of helpfulness and encouragement to others, and even the passing of the years will never blot out our names if our lives have been given over to service for others.

Better Seed Brings Increased Income

Many farmers are purchasing large quantities of bulk seed. This is good practice, but every farmer should in addition purchase a few bushels of the very highest quality guaranteed seed sealed in the sack, to multiply on clean summerfallow, so providing himself for next year very cheaply with seed of the highest quality.

See the nearest Searle Agent for supplies of seed and for a free booklet, "A Seed Field On The Farm."

ELECTORS TO GO TO POLL MONDAY

Electors of Champion will go to the polls Monday to select their council for the current year. There are four candidates but only two vacancies. Nominations are: J. Brown, Fred Gieser, A. K. Hunter, H. C. G. J. D. Henderson is still on council but C. McLean resigned.

Annual meeting of ratepayers was held Friday with G. S. McFar in the chair. Many questions were discussed.

Mr. Alexander, secretary, read the auditor's report and arising from this many points for discussion arose, and the secretary gave explanations as far as his knowledge went.

Changes in the audit system were suggested but no resolution was presented while the same late met discussion on the electric light situation.

Some effort to collect arrears of taxes was another point discussed. It was felt that some method should be employed to collect arrears.
